Kinze Announces New Mounted Planter Line
Two new models available for 2013 planting season

WILLIAMSBURG, Iowa (May 3, 2012) – [Kinze[®] Manufacturing](#) announces a new mounted planter line available for the spring 2013 planting season. The line will include two models, the 3110 Rigid and the 3140 Stack Fold, with a variety of size and spacing options, giving farmers several offerings from which to choose. The available models will include:

- **3110 Rigid**
 - 6 row, 30-inch, 36-inch, 38-inch and 40-inch spacing
 - 8 row, 30-inch, 36-inch, 38-inch and 40-inch spacing
- **3140 Stack Fold**
 - 12 row, 30-inch, 36-inch, 38-inch and 40-inch spacing
 - 16 row, 30-inch spacing

Kinze offers the only rigid integral planter with spring-loaded contact drive systems and self-contained seed rate transmissions with its 3110 Rigid. The 3140 Stack Fold model is based on an exclusive three-point, stack-folding design, and is the only planter in its class with spring-loaded contact drive tires, adjustable height wheel modules, self-contained seed rate transmissions and point row clutch option capability.

“Having left the mounted planter business years ago, we’re looking forward to bringing back our two most popular models, ” says Susanne Kinzenbaw Veatch, Kinze vice president and

chief marketing officer. “We’ve seen a steady demand for mounted planters recently and are excited to offer Kinze innovation to this group again.”

All models will include the option for Kinze EdgeVac® vacuum or mechanical meters.

The mounted planters will be available in box hoppers and contact drive only. A variety of attachments also will be available, including:

- **Row unit attachments**
 - No Till Coulters
 - Residue Wheel Attachments
 - Coulters Mounted Residue Wheel Attachments
 - Disc Furrowers
 - Bed Levelers (36-inch and wider rows)
 - Dual Row Unit Gauge Wheels (36-inch and wider rows)
 - Granular Chemical Attachments

- **Frame mounted attachments**
 - Frame Mounted No Till Coulters
 - Coulters Mounted Residue Wheel Attachments
